rgw - Bug #10475

rgw: setting bucket metadata via swift api removes existing metadata

01/07/2015 01:25 PM - Josh Durgin

Description

According to http://docs.openstack.org/api/openstack-object-storage/1.0/content/POST_updateContainerMeta_v1_account_container_storages_container_services.html the existing metadata should not be affected.

commit:f67bfa24fd6f69c2fccc0987eba8b6b426dd78320

History

#1 - 01/19/2015 07:18 AM - Dmytro lurchenko
I've started to work on it.

#2 - 01/22/2015 06:44 PM - Yehuda Sadeh
- Assignee set to Dmytro lurchenko

#3 - 01/22/2015 07:09 PM - Josh Durgin
FWIW I filed this based on reading RGWPutMetadata::execute() during a review:
https://github.com/ceph/ceph/blob/6f44f7a0a9847e419ce2783164633efa71218380/src/rgw/rgw_op.cc#L1940

#4 - 01/23/2015 08:13 AM - Dmytro lurchenko
- Status changed from New to In Progress

Sending new metadata to an object will erase existing ones too.
I couldn't test it, because development version has troubles with returning back bucket's custom metadata.
So I had to fix that first. I will provide both fixes in one patch.

#5 - 01/23/2015 12:54 PM - Dmytro lurchenko
- % Done changed from 0 to 20

#6 - 01/23/2015 06:09 PM - Dmytro lurchenko
- % Done changed from 20 to 40

Implemented correct metadata merging and deletion according to:
http://docs.openstack.org/api/openstack-object-storage/1.0/content/delete-container-metadata.html
Now testing and improving the patch before publishing it.

#7 - 01/27/2015 10:45 AM - Dmytro lurchenko
- % Done changed from 40 to 100

Now waiting for the review.
