rbd - Feature #40833

expose python bindings for 'rbd_features_{from,to}_string'

07/19/2019 04:28 PM - Ernesto Puerta

Description

Currently ceph-dashboard deals with text to RBD Feature Flag formatting and viceversa (src/pybind/mgr/dashboard/services/rbd.py: format_bitmask() and format_features()). As a result of this dashboard unit-test clean-up PR, I'm wondering whether duplicating this logic into dashboard side is adequate (it may become outdated if new flags appear).
