

## rbd - Bug #14482

### rbd:rbd-nbd does not have an argument check for nbds\_max

01/23/2016 02:24 PM - Kongming Wu

<b>Description</b>			
1.The value of argument nbds_max can be set to -1, which logically can not be understood. I think 0 is the boundary. 2.Setting nbds_max = abd, output error info. But the command will be executed successfully.
