<b>Description</b>	
So, we've been running with dirfrags off for ages because we weren't setting the flag to allow it: <a href="https://github.com/ceph/ceph-qa-suite/commit/f7af092b1348417f2ac0aaa07d7df858fbf09a4f">https://github.com/ceph/ceph-qa-suite/commit/f7af092b1348417f2ac0aaa07d7df858fbf09a4f</a>	
And there's a failure: <a href="http://pulpito.ceph.com/jspray-2016-09-15_10:05:32-fs-master-distro-basic-mira/416974/">http://pulpito.ceph.com/jspray-2016-09-15_10:05:32-fs-master-distro-basic-mira/416974/</a>
