

Ceph - Cleanup #19090

Wrong hard-coded urls

Description

There are some hard-coded URLs in:

- src/mon/OSDMonitor.cc
- src/sample.ceph.conf

e.g.,
3042: ss << "; see <http://ceph.com/docs/master/rados/operations/crush-map/#tunables>;

Those URLs are very slightly different.
It would be better to fix this kind of trivial things as much as we could.
