Description I have saved a video: https://www.useloom.com/share/ce92e8143a064828890daf95734e114b On it you can see how: 1.- The graph is growing every refresh 2.- The usage is not correctly computed, it says just 1GB while I have 40GB of free disk in the pool. Version 12.1.1 (Luminous)
