

Dashboard - Feature #24267

mgr/dashboard: support roles and privileges

05/24/2018 07:32 AM - Lenz Grimmer

Status: Resolved	% Done: 0%
Priority: Normal	
Assignee: Ricardo Dias	
Category: General	
Target version: v13.2.0	
Source:	Reviewed:
Tags: dashboard	Affected Versions: v14.0.0
Backport:	Pull request ID:
Description Currently, the Ceph manager dashboard only supports a single user account that has full access to all of the dashboard's features. To support multiple users with different privileges, a method to assign roles with selected privileges needs to be implemented.
