**Description**

Quoting Sage:

For future reference, you can get a dump of all these values with

```
ceph-osd -i 123 --show-config
```

That option is understood by all commands/daemons and will dump teh config and exit. You can control whose config it shows with -i num or -n type.num. So

```
ceph -n osd.123 --show-config
```

is equivalent to the ceph-osd one above.

**Related issues:**

Related to Ceph - Bug #9109: ceph CLI: Help is missing -k keyring option	<b>Verified</b>	<b>08/13/2014</b>

#### History

##### #1 - 11/07/2013 11:39 AM - John Wilkins

- Assignee set to John Wilkins

##### #2 - 11/16/2013 03:17 AM - Loic Dachary

```
ceph --show-config --conf /dev/null
```

is convenient to display the defaults without talking to a running daemon

##### #3 - 11/16/2013 04:07 AM - Loic Dachary

[src/common/config.cc](http://src/common/config.cc) defines --show-config and other similar options that do not show in ceph --help

##### #4 - 07/23/2018 05:11 PM - Patrick Donnelly

- Status changed from New to Won't Fix

Obsolete with the new config redesign.
