Backport:	luminous mimic	ceph-qa-suite:	
Regression:	No	Pull request ID:	
Severity:	3 - minor		
Description			
full sync attempts to fetch/create objects associated with delete markers, and either fails with ENOENT in the case of versioned buckets or does the wrong thing (create + link_olh) in the case of versioning-suspended buckets			
these failures are exercised by two test cases in https://github.com/ceph/ceph/pull/26080
