

Dashboard - Bug #39297

Bug # 39294 (New): mgr/dashboard: Time handling

mgr/dashboard: Logs provided by the API should provide timestamps in UTC in ISO 8601 format that will be converted into local time by Angular

04/15/2019 03:40 PM - Stephan Müller

- Status changed from New to Fix Under Review

#7 - 05/10/2019 01:45 PM - Lenz Grimmer

Note that the backend-related changes are likely not being backported to Nautilus, as they break existing APIs. If we want to fix this issue in Nautilus,

we would have to find a way within the dashboard code to address this.

#8 - 07/12/2019 04:22 PM - Lenz Grimmer

- *Status changed from Fix Under Review to Resolved*
- *Backport deleted (nautilus)*
