Description

Currently when clicking a fs in Filesystems page, performance counter charts of MDS daemons will be displayed.

It would be nice to migrate these charts to Grafana dashboard, since fs metrics are exported by Prometheus module.

Example of metrics:

```
# HELP ceph_mds_mem_dn Dentries
# TYPE ceph_mds_mem_dn gauge
ceph_mds_mem_dn{ceph_daemon="mds.a"} 1354.0
ceph_mds_mem_dn{ceph_daemon="mds.b"} 10.0
ceph_mds_mem_dn{ceph_daemon="mds.c"} 10.0
```
