**Description**

When upgrading a cluster to octopus, users should get a warning, if require-osd-release is < mimic as this prevents osds from joining the cluster.

Right now, we get a INF in the logs:

```
cluster [INF] disallowing boot of octopus+ OSD osd.1 v1:172.16.1.25:6800/3051821808 because require_osd
```

this should be a HEALTH\_WARN instead.

#### History

##### #1 - 04/14/2020 10:26 AM - Sebastian Wagner

- Subject changed from No HEALTH\_WARN, if require-osd-release is < mimic and OSD wants to join the cluster to HEALTH\_WARN, if require-osd-release is < mimic and OSD wants to join the cluster
