Regression:	Yes	**Crash signature (v1):**	
Severity:	3 - minor	**Crash signature (v2):**	
Reviewed:			

Description

This regression was introduced by PR #35300 which updated the typeahead module usage from ngx-bootstrap to ng-bootstrap's typeahead module.

The regression is that the typeahead didn't open on click into the input field. Another regression is that the suggestions didn't overlap the modal anymore.
