Duplicates Orchestrator - Bug #47841: `ceph orch device ls` assumes lsm data ...	Resolved

History

#1 - 09/08/2020 03:44 AM - Paul Cuzner

Doesn't this require <https://tracker.ceph.com/issues/47146> first to backport in ceph-volume, and then orch device ls could potentially be backported?

#2 - 09/15/2020 02:35 PM - Stephan Müller

My docker cluster dev environment shows this error now too.
