Description

1) Do you just need VPN access or will you also be running teuthology jobs?
I will be running jobs for Rook/Kubernetes testing.

2) Desired Username: blaine

3) Alternate e-mail address(es) we can reach you at:
b.blaine.gardner@gmai.com
brgardne@redhat.com
blaine.gardner@redhat.com

4) If you don't already have an established history of code contributions to Ceph, is there an existing community or core developer you've worked with who has reviewed your work and can vouch for your access request?
Sage Weil, Sebastien Han

If you answered "No" to # 4, please answer the following (paste directly below the question to keep indentation):

4a) Paste a link to a Blueprint or planning doc of yours that was reviewed at a Ceph Developer Monthly.

4b) Paste a link to an accepted pull request for a major patch or feature.

4c) If applicable, include a link to the current project (planning doc, dev branch, or pull request) that you are looking to test.

5) Paste your SSH public key(s) between the pre tags

```
ssh-rsa AAAAB3NzaC1yc2EAAAADAQABAAACAQDKSdu3rI8o3qId+GU5KYsxB9CLPTODJFiwy+ww6SgrNKgPfiaSUsZAvcQwox

Hi Blaine,

You should have access to the Sepia lab now. Please verify you're able to connect to the vpn and ssh blaine@teuthology.front.sepia.ceph.com using the private key matching the pubkey you provided.

Be sure to check out the following links for final workstation setup steps:
https://wiki.sepia.ceph.com/doku.php?id=vpnaccess#vpn_client_access
https://wiki.sepia.ceph.com/doku.php?id=testnodeaccess#ssh_config

Most developers choose to schedule runs from the shared teuthology VM. For information on that, see
https://docs.ceph.com/en/latest/dev/developer_guide/testing_integration_tests/tests-integration-testing-teuthology-intro/

If you plan on scheduling tests, one of the options you'll need to set with teuthology-suite is -p, --priority. **Please** refrain from using a priority lower than 101 (lower number = higher priority). When a high priority is used, it locks up too many testnodes at once and prevents other developers from testing changes.

Thanks.
