

Ceph-deploy - Feature #6021

ceph-deploy should have a quickstart

Description

If you are trying out ceph-deploy, you probably do not want to run 10 different commands with ceph-deploy and just want to play with ceph.

ceph-deploy should accept a `quickstart` command that can take a number of nodes and should set those nodes with a base config.

It should add other features like the radosgw when that is available too.

History

#1 - 08/19/2013 07:09 AM - Alfredo Deza

- Tracker changed from Bug to Feature

#2 - 10/03/2014 09:37 AM - Neil Levine

- Project changed from devops to Ceph-deploy

- Category deleted (ceph-deploy)
