Revision 36830ebc - 01/19/2015 02:09 PM - John Spray

tools/cephfs: add recover_dentries to journaltool

This is intended as a comparatively safe recovery operation, where we compare the versions of journalled dentries with backing store dentries, and write into the backing store only when the existing contents are older than the journal or invalid.

Fixes: #9883
